

Site Background Information

Operator Name: FAE

Stream Name: Allegheny River

Quad: Post Allegheny County: Mclean Municipality: Liberty Twp

Intake Information

Latitude: 41° 49' 47.2 Longitude: 78° 16' 3.8" Same as WMP: Yes No

Comments: _____

Is the project new? Previously Approved WMP? Or neither?

Actively Withdrawing during Inspection: Yes No

If Yes:

Impingement/Entrainment Device Deployed: Yes No

Flow Metering/Measuring Devices used as stated in the WMP: Yes No

Comments: _____

Average Daily Flow: 307,552,205 Q7-10: 988,865 10% Q7-10: 988,864.8

Proposed GPD: 988,865 Comments: _____

Observed GPD: _____

Proposed GPM: 686.71 _____

Observed GPM: _____

Passby Required: Yes No If Yes, Quantity: _____

Observed Passby: _____ Comments: _____

Daily Log Records Present: N/A Yes No

If Yes:

Daily Records are being maintained: Yes No

Daily Amounts ≤ WMP: Yes No

Daily Instantaneous rates ≤ WMP: Yes No

Are passby flows being recorded? Yes No

Comments: _____

Stream Info

Wild Trout Stream: Yes No
Class: A Not A Class if known: _____

Designated Use: CWF WWF HQ EV TSF
Existing Use: Same as Designated Use: New Designation: _____

Impairment Status:
Attaining: Impaired:
TMDL issued? Yes No
If impaired: Source: _____ Cause: _____

Riparian Information

Adjacent to Wetlands: Yes No
105 Inspection Report Needed: Yes No
Comments: Several areas noted along access Rd.

Potential GPs needed

GP7 (Minor Road Crossing "Fill Stream and Wetland Crossing")
GP8 (Temp. Road Crossing "1 yr")
GP4 (Intake Outfall Structure)
GP5 (Utility Line Stream Crossing)
GP11 (Maintenance, Testing, Repair, Rehab, or Replacement)
Joint (State and Federal "HQ/EV or over 0.1 acres of disturbance")
Fill Present? Yes No
Fill in Floodplain no Watercourse impact no GP needed?
Not needed MAYBE

Comments and Observations: 2 unlined Impoundments observed
North Impoundment - approx. 2-3 acres
South Impoundment - approx. 1 acre
Withdrawal pt. is approx 3/4 - 1 mile W of intersection of SR155
at T605 (2 mile Rd.); Entry via Freeman Excavating
